

Sustainable Event Management Policy

Document No: Policy4

Created: 31/10/13; Updated 21/07/16
Version 4

Approved by: S. Bevilacqua

Purpose of Policy

This Sustainable Events Management Policy directs activities relating to events undertaken by our organisation.

The policy's purpose is to:

- Ensure our commitment to the principles of Sustainable Development are enacted within the context of event planning and delivery.

Aims of Policy

Through implementation of this Policy, Moral Fairground Pty Ltd aims to maximise the positive contribution events can play in supporting the sustainable development goals of the local region.

Our aim is to seek a standard of practice that is consistent with best practice in events sustainability, by achieving compliance with ISO 20121.

Our intent through organising our events is to help our community understand the advantages of living ethically and sustainably and for businesses to achieve this through their work. We aim to do this to increase economic and social impact and do it with the least environmental and community disturbance possible.

The role events play in communicating and demonstrating sustainability-in-action to event attendees and the community is embraced in the implementation of this policy.

Policy Statement

Our senior management is committed to the implementation of sustainable development principles in planning and delivery of our event(s).

Moral Fairground Pty Ltd is committed to establishing, promoting, and maintaining a culture of sustainability and environmental responsibility by staff, supply chain, and broader stakeholders. We will plan and deliver our events in line with legal requirement and regulatory standards.

We ensure timely management reviews of all events sustainability management activity, and measurement and reporting of performance, with a commitment to continual improvement.
